Delta, Colo., July 23 .-- Mr. to visit their son, IVrgil Atchison, The Ledger Joins Mr. Weinand's who has established himself in the furniture business in Cedaredge, one

of the most flourishing towns in Delt Mr. Atchison was amazed at the pr juctiveness of the country in this sec ion. He learned that Delta county expects to ship 4,990 carloads of fruit this year and that the output of the ordinary farm crops will be equal-

every kind. Another thing that will contribute to the prosperity of the country is the opening of the Gunnison Tunnel on Sept. 23 by President William H. Taft. This tunnel will supply water for 150,000 acres and was built by the Hospital for the Insane at the government at a cost of \$5. Fifty thousand acres land to be watered is held by government and will be cut up small farms and disposed of by the lottery system. The Delta County Business Men's Association expects such a rush of visitors to register for this drawing that it is already making arrangements to erect a tent city to accommodate them.
